

Cumulative Update to the 2013 *State Revenue Catalog*

State	Item	SRN?
	<u>CORRECTIONS</u> <i>[Corrections do not include minor typographical or wording changes, corrected/updated dates unless the source of moderate to significant confusion, or re-listings due to new knowledge.]</i>	
Alabama	AL PB1. (correction) The signature within the decal card safety is Phillip J. Hamm. The description wrongly guessed it was Dowling. (Bowman)	
Arkansas	Eggs. (numbering error) The second "E103", 1 dozen, black, should be numbered E104. (Florer)	
California	Liquor. (correction). L14, the listed denomination should be 80 cents. (Jackson)	
California	Tomatoes. (correction). Zone 1, 1941. TM296, Sep 14-19. The color of the overprinted text should be "dark purplish brown", not "violet". (Matesen) <i>[It has been reported that some early issues may change to brown in use]</i>	
California	Cigarette Meter Stamps. (caption error). The illustration caption above CM3 should be CM3. (Effner)	
Florida	Documentary Meter Stamps. (caption error) The illustration caption above DM9 should be DM11d, not DM11c. (Florer)	
Florida	Fertilizer. (correction) FT6Sa should be FT6S. (Wrisley)	
Iowa	Feed Inspection Tags. (correction) FET13 and FET14. Description should read "brown patch". (Matesen, Wrisley)	
Iowa	Oleomargarine. (correction) OL18a should be OL18e, pink (3-5mm), perf 11-3/4. "OL18a" is not known to exist. (Florer)	1Q15
Kentucky	Liquor. (correction) Denominations listed out of order. Correct should be (Jackson, Wrisley): 1953. L46a, 1 pint, blue L47, 1/5 gal, green 1955. L49, 1 pint, blue L50, 1/5 gal, green	
Louisiana	Tobacco. (correction) 1945? series T46-53 "a" varieties are colorless roulette. T48cS is the only black roulette confirmed in the series.	
Maine	Tobacco. T35 should be "black on pink (shades)." T34b de-listed as duplicate. <i>[T34 is "dull purple"]</i>	
Mississippi	Feed Inspection. (mistakenly omitted) FE69, 50 pounds, blue, \$3 unused/used. (Jackson)	
New Jersey	Cigarette Meter Stamps. See new listing under Clarifications & Additional Information.	

New Mexico	Honey. (correction) HY8a should be listed as HY17a, i.e., perf 12-1/2. However see also Clarifications & Additional Information section below. (Wrisley)	
North Carolina	Kerosene. (correction) K32, 2-1/2c, light greenish blue, 222 x 98mm, \$50 unused. (Crumbley) [See also Confirmations, Clarifications & Additional Information]	
Ohio	Beer. (correction) B90a should read B90. (Jackson)	
Ohio	Wine. (correction) W21/21a package size should be ½ barrel. (Jackson)	
Pennsylvania	Beer, Provisional Bottle Labels. (correction) The detailed illustration for BTL7 incorrectly duplicates that of BTL6. The correct detailed illustration would show the same inscription, but appearing in title case, italic font. The existing illustration of the entire stamp is BTL7 which shows the detailed inscription reading up at left. (Gray)	
Pennsylvania	Soft Drinks. (correction). Last series including SD27 is perf 11-3/4, not horizontal perf. (Kohtz, Wrisley)	
South Carolina	Soft Drink. (correction). SD41: card separation gauge should be 6-1/2. (Jackson)	
South Carolina	Soft Drinks. (correction). Recent, better scanned images show SD65, 76c, is brownish red. (Fulmer, Wylie)	
South Carolina	Oil. (numbering error) Change O32-37 to O34-39 (Jackson).	
Texas	Beer. (description error) B31b description should refer to prefix letter. (Wrisley)	
Texas	Liquor. (numbering error) L7P1 should be L6P1. (Jackson) [Convention used throughout catalog is proofs of same design, even if different color, are given same listing number as the issued design]	
Texas	Liquor. (numbering error) Change L16/L16a to L16B/L16Ba (Jackson)	
Utah	Cigarettes. (description error) C15 and C16a, without printer's imprint are perf 11-3/4. (Patterson)	
Virginia	Feed. (correction, confirmation) FE20. Denomination should be 3/16c, \$30. (Jackson) [Given: 1)the listed dark blue color which is normally associated with a different denomination, 2)the existence of an unlisted, 3/16c dark blue, and 3)the listings "doubted" status in italics, this catalog listing denomination was most probably in error. It was carried over from Cabot=>Hubbard=>Troutman]	
Washington	Documentary. (correction) D57 color should be "red". D62 color should be "gold" (Matesen, Wrisley)	
Washington	Cigarette Meter Stamps. (correction) CM2a, 2b, 2c, and 3 should be CM3, CM3a, CM3b, and CM4. (Wrisley)	
Wisconsin	Beer. (correction) B47a. Color should be "rose" as for the others. (Jackson)	
Wisconsin	Wine. (correction) 1952 series, W52-58, separation should read roul 6-1/2 x roul 4-1/2 in black. (Wrisley)	
Wisconsin	Wine. (correction) W65. Separation should be slot perf 6-3/4 x roulette 9-1/2 in black. (Wrisley) [See also note in Clarifications & Additional Information section regarding Wine case stamp separation.]

	<u>CONFIRMATIONS, CLARIFICATIONS & ADDITIONAL INFORMATION</u>	
Alabama	(update, clarification) Playing Cards. PC15a color should be dull violet (shades), hence it should be PC15Aa. (Schaap) [Card distinction and color will have illustrations in the next edition]	
Alabama	(update, clarification) Tobacco. T137 series. At least some 5c T137 have been observed with (mirror image) fish-scale safety on card back. Editor believes it to be set-off. (Gray)	
Arkansas	(confirmation) Beer. B18, \$0.0704, blue, 1 case, D. L. Ford signature, \$100 used. (Gray) [Confirmed example roul 7 to 7-1/4; previous description of roul 9-1/2 considered in error]	
Arizona	(update) Honey. Honey Inspection, Honey Label, and Honey Imported categories are not strictly speaking revenue stamps. They evidence certification that produced from hives free of disease. [See Pruess article in 3Q15 SRN]	
Arkansas	(confirmation) Beer. B48 \$2.50 orange, Otho A. Cook, \$75 unused. (Matesen)

Florida	(update) Documentary. Note added to 1933 Lee signature series. "Previously listed imperforate varieties are believed to be unfinished examples since none have been observed on document. All but the \$100 are known in a pane of 100. These are scarce." (Semsrott, Wrisley)	
Florida	(update) Documentary. De-listed--D25a, D26a, D28a, D31a. Per note, imperforate varieties believed to be unfinished examples. [See also New section]	
Florida	(update) Documentary. De-listed D36a, green blue. (Wrisley)	
Florida	(update) Documentary. De-listed D37, gray blue. (Wrisley) [D37a, dk violet blue still listed]	
Florida	(update) Documentary. De-listed D47a, horizontal pair imperf between. (Wrisley)	
Florida	(confirmation) Documentary. D64, \$25, purple red, \$30 used. (Wrisley)	
Florida	(update, clarification) Documentary Meter Stamps. Stamps are listed by confirmed paper type. The paper type for a few listings may not be known since information may have been obtained only from insufficient quality images. Also, since paper patterns may be somewhat fugitive, only listings confirmed with plain paper in unused examples, or only with unknown paper type (noted as such), are listed without suffix. In these cases for which no patterned papers are known, a used value may be indicated. [See also New listings for description of Type 6 patterned paper]	
Florida	(update) Documentary Meter Stamps. DM20e re-numbered as DM20f. Paper pattern is Type 6. [See previous.]	
Florida	(update) Documentary Meter Stamps. DM21 re-listed as DM21a. Paper pattern now confirmed as Type 1 basket-weave. (Wrisley) [See also clarification above]	
Florida	(clarification) Feed. FE35 and variations. (Wrisley) Simplified listing- FE35, 50lbs, very dark brown*, \$12 , \$3 FE35a, 50 lbs, dark brown*, \$15, \$3 FE35b, 50 lbs, dark reddish brown*, \$12, \$3 *Perforation gauges are-- 11-3/4, 12, 12-1/4, and compounds. [FE35c de-listed]	
Florida	(update) Beer, Bottle Caps & Labels. Beer can lids have now been reported with "FLORIDA" inscribed as have been previously seen for bottle caps. (Kohtz)	
Florida	(update) Bedding. De-list BD2a distinction. All are red orange BD2. (Wrisley)	

Florida	(update) Cigarette Vending Machine. VC3Sa signature is James Vocelle. (Wrisley)	
Georgia	(update) Cigars and Cigarettes. CGC2a, CGC3a, CGC3b are not “pre-cancels”. (Matesen)	2Q15
Georgia	(clarification) Liquor, Exported. EL2c. Horizontal, straight line safety with periodic text “ANCHOR/SAFETY PAPER” \$10 unused & used. [EL2d will be delisted as ambiguous.] (Gray)	
Georgia	(update) Beer. B8d, \$2.25, blue, with basket-weave safety. Moderate doubt of existence; can easily be confused with similar 1955, or 1951 series. [To be listed in light italics in next edition, or de-listed] (Wrisley)	
Idaho	(clarification, update) Beer, 1939 series B25-B29. The longer sheet number panel is 25-26mm long with parallel lines, all with the same horizontal position. The shorter sheet number panel most often has lines with slightly different horizontal position. The shorter panel with evenly spaced lines is a less common pane/sheet variety, so far observed only in position “f”. B25b/B25c have the shorter sheet number panel, and even/uneven lines respectively. (Wrisley, Matesen)	
Idaho	(additional information) Beer. B41a with sans serif “No.” and sheet number is a sheet variety. B42a, B44a, B45a, B46a and B69d have also been confirmed as sheet varieties. (Matesen)	
Idaho	(update) Beer, B54-56. Earliest date reported now 1949.	
Idaho	(update) Beer, B57-65 and B66-70 (the 2 “OFFICE OF TAX COLLECTOR” series). It may also be true that suffix letters are only serified, or sans serif respectively in the two series. Different style sans serif letters have been observed, but not in the same denomination. (Wrisley)	
Idaho	(update) Eggs. At least some were issued with gum. E21, E23, and E24 reported with gum. (Matesen)	
Idaho	(clarification) Eggs. E69a listing should more accurately read “It gray to white” (Wrisley)	
Indiana	(update) Intangibles Tax. 1942. All denominations have been observed with the plate flaw in the “9” of upper left “1942”. (Florer reported 10c, and 25c, the last two)	
Indiana	Wine. (confirmed) W34a, ½ gallon, pink, \$7.50 used. (Smiley)	
Kansas	(clarification) Eggs. These are believed to have been used in the two-row strip form as were similar stamps from other states (AR, OK). Values are for two-row strips having three complete maps. Used examples (hand-stamped? and no gum) are scarce. (Wrisley)	
Kentucky	(additional information) B24a is known with a “HOWARD LEDGER” watermark. Two adjacent stamps are required to see the entire text in an arc. \$35 unused. (Jackson)	
Iowa	(clarification) Oleomargarine. OL17e. Although this listing has not been confirmed, it appeared in Litchfield. The description is interpreted to mean one lower denomination is inverted, the other not. Note added.	
Iowa	(update) Cigarettes. (Gray)	

	<p>C24A, 1c, green, perf 12-1/2, bottom white border of upper corner ornaments absent, \$20 unused.</p> <p>block of 4 surrounded by 12 C24, \$125 unused</p> <p>[New C24A is Troutman C24, either seriously doubted at the time by 2013 editor, or mistakenly omitted. Troutman C24a (block containing both Wrisley C24 and C24A now not numbered)]</p>	
Kentucky	(update) Sales. A single used example of the purchaser's receipt half of SA1, 1c, has been reported.	
Louisiana	(confirmation) FE95d, 100 lbs, red, perf 12-3/4 x 11-3/4, \$5 unused. (Florer)	
Maine	(update) Beer. Only B1-6 were issued with gum. B8-25 are punch cancelled. (Leshner)	
Michigan	(update) Beer. B97, black on yellow, TT prefix. (Smiley)	
Michigan	(clarification) Malt. In distinction to green MA18, the color of MA18a might also be described as yellowish olive green. Only one MA18a has been observed, and it may also have a more crudely printed appearance. (Wrisley)	
Michigan	<p>(update, clarification & new) Apple Cards. AC12-13 listing should be-</p> <p>1957? Similar, but two instruction lines ("and date of cancellation" added). Serifed serial number. Cream card. Design 111x64mm.</p> <p>AC12, 2c, red, 10.00, 6.00</p> <p>AC12a, 2c, red, sans serif ser #, 7.50 used</p> <p>Note-Known paying three cent tax with 1941 1 cent affixed.</p> <p>On 1957? series.</p> <p>AC12b, 3c, 2c red w/diagonal bisect, 1957? 2c card staple attached, each date cancelled (1962), \$25.</p> <p>Previous AC13 now noted.</p>	
Minnesota	<p>(existence doubted) Beer. B63, 06451, green?, 4-64oz, Schmall and Peterson signatures. (Wrisley)</p> <p>[Denomination is wrong for OVER 3.2% (that package size would be .12903, and color unknown)]</p>	
Minnesota	<p>(update, clarification) Liquor Seals. (Wrisley)</p> <p>1933 series dimensions- 38-1/2 x 45mm</p> <p>1934 series dimensions- all but LS4 [see NEW]which is 38-1/2 x 45mm</p> <p>19?? series dimensions- about 33 x 39mm</p>	
Minnesota	(update, confirmation) Gambling. PB2, eight-point star-shaped self-adhesive, dark to olive green, reported by Ken Pruess in 4Q2000 State Revenue News. \$40 used. (Wrisley, Pruess, Florer)	
Mississippi	(confirmed) Fertilizer Tags. Like FTT10. 1915-16 H. E. Blakeslee signature. FET6, 100lbs, black on blue gray, \$40 used. 68x41mm portion known, w/o patch. (Ivester, Wrisley)	

Mississippi	T76 also known unused. (Troutman)	
Missouri	(existence doubted) Beer. B6a, B7a, thicker vs regular or relatively thinner paper distinction. (Wrisley)	
Missouri	(de-listed) Beer. B146-7 previously listed in italics (existence doubted) have been de-listed as duplicating the following series B148-151. (Wrisley)	
Missouri	(de-listed) Beer. B152-153a previously listed in italics (existence doubted) have been de-listed as duplicating the 62 cent in the following series. Although that listing, B163, may also exist on grayish (thick?) paper, this has not been confirmed. (Wrisley)	
Missouri	(update) Drinks & Syrups. SD1-16 have only been observed without gum, and without cancellation. They are now listed with only an unused value indicated. (Matesen, Lesher, Wrisley)	
Nebraska	Liquor. (clarification) Liquor L46-70. Where it occurs, perforation gauge 11 is more accurately 10-3/4 (Wrisley)	
Nebraska	(clarification) Beer, Liquor and Wine. These stamps were not cancelled upon use. Early issues were pre-cancelled. In all cases, unused paper stamp examples have full gum. (Pruess)	
Nevada	(clarification) Documentary. Except for the single and double star 2c, although there are different inscribed designs, each denomination has the same design throughout. (Wrisley)	
New Jersey	<p>(updated listing). Inaccuracies discovered in previous listings. (Effner)</p> <p>1948-68. 20000 meter number. Denomination at sides. 32x16mm. New Mexico	(existence doubted) Honey. HY8a, war paper. This listing is now HY17a. (Florer, Matesen, Wrisley)	
New Mexico	(clarification) Cigarettes C3-6. Safety is of triangles and inverted triangles with text. (Matesen)	
North Carolina	(clarification) Feed, 1910-20. Note added-- For the following series described as perf 11-3/4 or 12, in some examples it can be difficult to conclude the actual gauge value since it can appear to be very near the rounding point, i.e., 11.875. This may need further study.	
North Carolina	(clarification) Bedding. 1937 series, BD1. The default perforation gauge is 11-3/4 not 12. (Bowman) BD1, 2c, yellow green to olive, perf 11-3/4 BD1b, 2c, yellow green to olive, perf 12-1/2 x 11-3/4	
North Carolina	(update) Kerosene. 1918 series.(Crumbley, Wrisley) K33, 12-1/2c, white, \$50 unused (Confirmed) K30, 1/4c, light yellow (Doubtful; now listed in light italics) K31, 1/2c, white (Doubtful; now listed in light italics) [Border designs, and previous descriptions of them can be confusing]	
North Carolina	(clarification) Linseed Oil. LN11a, 5c, black, thin paper, ungummed, “-” unused. (Matesen, Troutman)	
Oklahoma	(Confirmation) FET3, 100 lbs, black, smaller text font, \$25 used. (Wrisley)	
Oklahoma	(update) Cigarettes. C46. Date uncertain. (Matesen)	
Pennsylvania	(Numbering change) Real Estate Transfer. RE8a => RE8e. This makes all perf 12 x 11-3/4 have “e” suffix. See New for others.	
Pennsylvania	(clarification) Stock transfer. (Jackson) 1936 series. Overprint. Gray paper with large safety text. It may be that the safety is vertical for cents denominations, and horizontal for dollar denominations. 1940 series. No overprint. Greenish paper with large safety text. It may be that the safety is vertical for cents denominations, and horizontal for dollar denominations.	
Pennsylvania	(update) Beer, Keystone Bottle Labels. Dates known. (Frederick) BTK2, Barbey’s Sunshine Extra Light Beer, 1 pint, “1-22-44”* stamped on reverse. *Date may be “11-22-44”	
Pennsylvania	(update) Beer, Keystone Bottle Labels. Dates known. (Gray) BTK17, Erlanger’s, 1 quart, black Keystone, “8-44” BTK75, Philadelphia Old Stock, 1 pint, “9-18-42”	
Pennsylvania	(confirmation) Syrups & Soft Drinks. SD28. (Leshner)	
Pennsylvania	(clarification) Bedding. BD10 & BD16. The asterisk in the BD10 description refers to the note	

	after BD16. The appearance of the “fork & arrow” design may differ in individual stamps, e.g., primarily horizontal lines, and the fork and arrow may be difficult to see. A seal like the inscribed design may also be present in some stamps. (Wrisley, Lesher, Troutman)	
Pennsylvania	(confirmation) Bedding. BD22, \$35 used. (Jackson, Gray)	
Pennsylvania	(clarification) Bedding. BD32. In addition to color distinction, the horses have shaded bodies. BD30, BD31, and BD33, bodies not shaded. (Florer)	
Rhode Island	(update) Drugs. DRM1 known with or without manuscript shown in the illustration. (Watson)	
South Carolina	(update) Oysters. There is evidence that the regular and narrow “No.” are pane varieties (true at least for OY77 & OY77b). This may be true elsewhere in seafood stamps. (Bilek, Troutman)	
South Carolina	(existence doubted) AM8. (Wrisley)	
Texas	Feed Tags. (clarification) FET13 also has “COLLEGE STATION” and “TEXAS” text shifted right so “O” of “COLLEGE” under “E” of “EXPERIMENT”. Also open circle “period” after signature. (Wrisley)	
Texas	Beer. (update) Earliest date reported should now be 1936. (Matesen)	
Texas	(clarification) Beer. B44 probably issued before B43. Earliest date reported for the series beginning with B40 should be 1937. (Matesen, Cabot)	
Texas	(update) Texas Citrus Fruit Quarantine. These also exist for the 1930s. (Florer)	
Texas	(confirmed) Marijuana. DRM2, \$101.50, black on silver, \$150. (Watson)	
Utah	(update) Liquor Seals, Bottle Labels. The colors of LL6-7 are the same as LL3-5. (Matesen)	
Utah	(confirmed) Cigarettes. C53, 20 cig, lt purple (“black & lavender”), 2-1/2mm tall control #, “-” used. 11x11mm. (Matesen)	
Virginia	(update) Documentary Stamps. The earliest date reported for D2 is 1902. (Lesher)	
Virginia	(additional information) Scallops. Tags said to have been used, but none reported by collectors (Florer, Hubbard)	
Virginia	(clarification) Wine. Add to notes following the 1938 overprinted series. “Examples have been seen with hand cancels of only roughly parallel lines. These are not thought to have the same meaning.” (Wrisley)	
Washington	(note added) Wine. 1936 series, W7-14. Examples of the 1/5 gal are known printed in several of the issued colors with no serial number, and with manuscript issued prefix letters. (Jackson)	
Washington	(confirmed) Apple Advertising. AP6c, \$7.56, yellow, blue hand-stamp serial #, \$250 unused. (Matesen, Florer)	
Washington	(confirmed) Apple Advertising. AP9a hand-stamp color is gray. (Matesen)	

Washington	(clarification) Eggs. E18 proper description should be--"Vertical coil printed on 43mm wide paper tape. Single white circle. "Graded" approximately same length as "Eggs". 34mm diameter (slightly taller than wide). [See also new E18a]	
Washington	(clarification) Fruit. 1948 and 1949 series \$100. Unsigned does not necessarily mean unused. Regarding used examples-- FR21, almost all were signed, but only about half were cancelled. FR23, about one half were signed, and few were cancelled. (Matesen)	
Washington	(de-listing) Fruit. FR7a. Partially visible decimal point. This is a minor variation.	
Washington	(clarification) Honey. HL40-42. The illustration above HL40 shows the "Skagit" distinction for HL42. HL40-41 (larger ones) have "Produced by Members at upper left, "Packed by Skagit..." in blue on white background at bottom, and no text above "HONEY" in blue panel. In the latter the U. S. Fancy panel also has slightly different text layout. (Matesen, Wrisley)	
Washington	(confirmed) Electrical Inspection. Gummed. Slot perforated 6-3/4. The only denominations known unused are 25c and 50c (the 25c is not known used). Used examples known pen, broad marker, or hand-stamp cancelled. Considering rarity, the values of specimens are generally \$25-50. Legitimate used examples are worth \$50-100. A new listing will be attached to this update list. (Matesen)	
Washington	Electrical Inspection. (confirmed) ELC10b, red, large defect near thumb in seal. (Matesen)	
Washington	(update) Motor Vehicle. Although not a listed category, these are worth much more than the \$15-20 stated, rather \$100+.	
Washington	(new note) Cigarettes. C6 & C7 exist punched, off card, encased in plastic. (Matesen)	
Wisconsin	(update, clarification) Wine. The vertical separation of all case stamps, W44-W119, are roulette in black. (Pruess, Smiley)	
Wisconsin	(confirmation) Drugs. DRM2, blue, yellow & red, 1 plant (\$1000), \$1500 unused. (Watson)
