Dear Mr. Hubbard:

Reference is made to your letter to Comptroller Dickinson dated August 20, 1973. He forwarded this to me for my reply.

Florida does have a documentary stamp tax. Enclosed are two order blanks showing the various denominations of stamps. These stamps are only sold at the price indicated on the stamp.

We do not carry any samples of stamps or any stamps that have been cancelled, since we are prohibited from doing so.

Sincerely,

William M. Stanley, Jr., Chief
Documentary Stamp Tax Bureau
