REVENUE Newsletter

The State Revenue Society

Publication of the Newsletter has been resumed since it stopped several months ago due to illness of your editor, and past numbers will be issued and brought up to date as soon as possible.

We are still in need of news items, articles, and advertisements from our readers and members. Special articles on our members' collections will be especially appreciated and will be beneficial to fellow members. The series on mounting state revenues recently proved very beneficial to all, and it is hoped to revise the series shortly, including many new ideas and tips from our readers, and rerun it in its entirety in forthcoming issues. Any new innovations in mounting revenues that has been devised by fellow members will be really worthwhile for inclusion in the Newsletter. Send them to the Editorial Office.

Attention of the members is again called to the fact that dues will again be due on the first of September. Please save our organization the expense of mailing notices and try to get your dues in by the first of the month, including any past dues. It will not only be greatly appreciated, but will save money which could otherwise be put to a better advantage by our club. Thanks for any cooperation you can supply. Send dues to your Secretary.

JOPLIN, MISSOURI CIGARETTE TAX METER

A city-state tax meter stamp is in use in the Joplin, Missouri area to collect the state and city cigarette tax. The specimen sent to us is imprinted in green, with the standard wording of other Missouri city-state type meters "Missouri/Tax Paid Cigarettes/(number)/Joplin, Missouri. The Editorial office would like to know of other types of these stamps as well as the various control numbers used in the towns, as a listing is being compiled for future publication.
