Whole Number 68

GEORGIA TOBACCO - Mr. Hubbard shows us the illustrated copy of Georgia C25 overprinted in black to make a 75¢ value.

GEORGIA LIQUOR - Current stamps seem to be of the illustrated type. Note that monetary value has been replaced with size of container. Further details are unavailable.

TEXAS WINE - According to Mr. Hermann, collectors should check all stamps of the illustrated design. Our thanks to Mr. Litchfield for the illustration. This type has been in use for several years but occasional tax changes result in new values. The following seem to be in current use:

Not over 14% - 31.68¢ yellow, 2.4 gal.  
39.6¢ dark or olive green, 3.0 gal.

Not over 24% - 63.36¢ blue, 2.4 gal.  
79.2¢ carmine, 3 gal.

Natural or Carbonated -  
79.2¢ green, 2.4 gal.  
99.0¢ orange, 3 gal.

TEXAS MATURE CITRUS - Mr. Bloom and Mr. Hermann sent copies of the 1966 stamp which differ in color. One is light blue, the other dark blue. The value is again 1½¢. This year, each stamp in the sheet is slightly different. Mr. Bloom marked a strip of 5; unfortunately the color of this stamp did not permit a usable illustration. Constant differences occur in the centering of "1966" on the State Seal which suggests that 5 plates were used. The dotted outline border of the seal cuts into the "1" and last "6" of "1966" to varying degrees.

Other differences were also pointed out by Mr. Bloom but these do not seem constant. Included among these are a break in the outline of the lower right fruit on position 3; at position 4 some copies have a line running from the right edge of the dark panel bearing "TEXAS" and continuing into the upper right fruit. Whether the great difference in shade indicates two printings has not been determined; however the major differences are constant in sheets of both shades.

We have a number of address changes which will be published in the next issue.

MAINE TOBACCO - Charles Hermann reports two additional decals similar to those listed in the January Newsletter:

3¢ orange  
75¢ cerise (no black in design - punched remainder)

Used copies of the following values have been reported: 1, 2½, 3, 4, 8, 10, and 25¢.

WYOMING - The cigarette tax will go to 8¢ in July. The last decal stamp seen by your editor was like C1 but had a 4¢ value. If this is still in use, a new issue will be required.

VIRGINIA BEAR-DEER DAMAGE STAMP - Charles Hermann reports the 1966-67 stamp has year and serial number in red. The Bear design and value (\$1.00) is in black; paper is green. This is slot perf. 6 3/4. His copy is stamped "GILES" (County).

VIRGINIA FEED - Illustrated is a feed tag for the 1908 season submitted by Mr. Hermann. This is printed in black on green.

Information on other tags has been submitted by Mr. Strock and Mr. Hermann. We will try to include some of this in the next issue.

KENTUCKY FERTILIZER - Illustrated is a pair of FEL4, the top stamp with inverted "N" in "Pounds". This is the second stamp from the left in the top row. Apparently the mistake was discovered and corrected as sheets are also known without the error.

Many States are considering real estate transfer taxes. Watch for stamps.

NEW HAMPSHIRE TOBACCO - Mr. Bloom reports a used copy of T64 (37 $\frac{1}{2}$ ¢ of 1947) with the "11" tall and thin, measuring  $\frac{1}{2}$  x  $4\frac{1}{2}$  mm. He also reports a 37 $\frac{1}{2}$ ¢ value, all green, 20 $\frac{1}{2}$  x 20 $\frac{1}{2}$  mm. with four holes punched in the value space, one in each corner.

NORTH DAKOTA BEER - Mr. Sternad confirms the existence of some of these which are unpriced in the catalog and also reports some new varieties.

1933. B1 ( $\frac{1}{2}$ ¢ red strip stamp) reported perf. 11  $3/4$   
same, roulette  $6\frac{1}{4}$  (catalog gives this as  $6\frac{1}{2}$ )  
same, imperforate horizontally  
same, imperforate vertically

1934. B9 ( $\frac{1}{2}$ ¢ red) exists on white card perf. 12  
B12 (2¢ blue) is confirmed on salmon card, perf. 12.

B14 (16¢ blue) is confirmed unused

1939. B41 (18¢ greenish blue) is confirmed unused

-----  
CATALOG VOLUNTEERS SOUGHT - Members who have the time and knowledge to help with the State Revenue Catalog are asked to inform El Hubbard of any States they can undertake as co-editors. Mr. Hubbard will send copies of data he now has on hand to the volunteers and will final-edit the manuscripts as required.

The material should be typed (or printed) in the format now used for the Addenda appearing in the Newsletter. It will be used either in the Newsletter or will be photo-reduced for printing in the regular catalog size. Co-editors will be listed on the first page of the State Catalog.

A note from your Editor - Only through the cooperation of all our members can we ever hope to have a comprehensive catalog. We realize the difficulty of this task and, though we do our best, perfection in this area is not a realistic goal. Your editor will continue to publish addenda as fast as possible even though he recognizes that they have errors or omissions. Notes and corrections will be published from time to time as received by your editor. But it would be better if anyone with unpublished information would communicate with Mr. Hubbard before an addenda is printed. This is too large a task for one person alone to accomplish.

-----  
DELAWARE NOTES - From Charles Hermann comes some additional notes on the Addenda published in the January Newsletter.

BEER: B26 has red serial number

B29 comes with and without letter "B" before number

DISTRICT OF COLUMBIA - Scott considers the rotary press printed stamps perf. 11 x 10½ as major varieties. In the addenda published in the January Newsletter, these are listed as "b" varieties of the original flat plate stamps. Thanks to Mr. Hermann for calling this to our attention.

IDAHO OLEOMARGARINE - The illustrated stamps were intended for use in the addenda in this issue. The little decal is unlisted. This is 10¢ green on cream card. Our apologies for the poor quality of most of the illustrations in this issue. We did not discover that the stencil was faulty until stamps had already been returned to their owners.

Have dups of rare denoms. Wash. State Apple Tax, some on original documents, also some off paper, few plate blocks etc. Need early Calif. Nevada on documents, also some off paper; some S. Carolina business license. What have you? William R. Halliday, 1117 36th Ave. E., Seattle, Wash.

O. R. Bloom, 2559 South Hametown Rd, Barberton, Ohio 44203 has obtained a few mint copies of USDA Food Stamps (as illustrated in recent issue of American Revenuer). Interested members should contact Mr. Bloom for more information.

IDAHO LIQUOR SEALS - Mr. Hubbard shows us the two illustrated decals.

Any person having information on the map-shaped Nebraska liquor and wine decals is requested to contact me. Information also needed on cigarette decals, feed stamps & tags, and other unlisted items. Kenneth Pruess, 1441 Urbana Lane, Lincoln, Nebraska, 68505.

NEW JERSEY TROUT STAMPS - The 1961 issue is now offered to collectors at reduced prices. There are two denominations: \$2 black on white and \$5 purple on yellow. The set of two is 50¢, blocks of 4 of each at \$2, full sheets of 10 at \$5. Orders, accompanied by U.S. check or money order payable to New Jersey Division of Fish and Game should be sent to: Trout Stamps, Division of Fish and Game, Box 1809, Trenton, New Jersey 08625. Orders must be received before June 1 as any remainders will be destroyed after that date.

Charles Hermann, 10124 Samoa Ave., Tujunga, California 91042 would like to correspond with anyone interested in reengravings, double transfers, etc. on New York Stock Transfer stamps. Who can help him on this specialized study?
